

XL POWER TAIL

FEATURES

- Foot hole and grab handle for access to upper deck
- 9-foot pop-up ramp from deck to neck
- 25,000 lb tail lifting capacity
- Work light at rear of neck
- Two function wireless remote
- Star traction or steel tread plate

UNIQUE HYDRAULIC TAIL DESIGN

The tail is comprised of two sections – an 8-foot 8-inch platform ramp and a 60-inch flip tail. Both hinge points stay clean thanks to lug style hinges. These hinges prevent debris from accumulating.

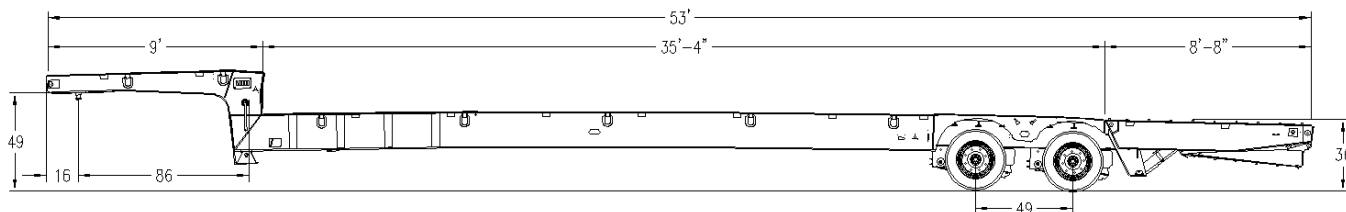

HANDLES HARD-TO-LOAD EQUIPMENT

With a load angle of 10 degrees, the hydraulic tail is equipped to easily handle hard-to-load equipment such as manlifts, rollers, forklifts and paving equipment. The tail features a lifting capacity of 25,000 pounds for loads centered on the main platform.

DESIGNED FOR YOU. BUILT TO LAST.
